Forensic Nurses Week

NOVEMBER 5–11, 2023

INTERNATIONAL
ASSOCIATION OF
**Forensic
Nurses**

Every nurse is a forensic nurse. Any nurse can treat a patient who is a victim of violence. IAFN provides the resources nurses need to provide victims of violence the care they deserve.

Join us as we celebrate and honor forensic nurses' ongoing commitment to patient-centered, trauma-informed

specialty care of patients impacted by violence. Help us increase awareness of the needs of patients and educational and technical assistance resources IAFN offers to best prepare healthcare providers to best care for patients impacted by violence.

Celebrate with us at www.ForensicNurses.org

Show your forensic nursing colleagues how much you appreciate their commitment to provide expert and compassionate care to patients with this certificate. Print and award this certificate to each forensic nurse on your team!

ANY PATIENT CAN BE A VICTIM OF VIOLENCE

Are you trained to identify them and give them the medical care they deserve?

Forensic Nurses Week
NOVEMBER 5–11, 2023

Learn more at www.forensicnurses.org

Dear Colleague,

November 5–11, 2023 is Forensic Nurses Week, established by the International Association of Forensic Nurses (IAFN) to honor the extraordinary work of nurses who practice in this unique nursing specialty. Forensic nursing serves to ensure that patients who are affected by violence receive expert, compassionate, and comprehensive care, which best addresses acute and long-term consequences of violence, improves patient recovery and lowers healthcare costs.

This week, we join with IAFN to call attention to the reality that all healthcare providers encounter patients who are victims of violence, whether or not they know it. Are they prepared to give patients impacted by violence the trauma-informed, expert care they deserve?

Please take a moment to learn more about forensic nursing and IAFN's resources for providers by visiting ForensicNurses.org.

Sincerely,

We've designed a thank you card that's easy to print and present to your forensic nursing colleagues during Forensic Nurses Week. There's room to write a custom message for each recipient!

Thank-You Card

Download

6" x 8" (flat)

6" x 4" (folded)

High-resolution PDF

Printing Instructions:

The Thank-You Card is printed on 6" x 8" paper that will be folded in half to make a 4" x 6" card.

For printing at home or in your office, please load notecard paper (6" x 8") into your color printer, print both sides of the document, and then fold in half.

For professional printing, simply download this print-ready, high-resolution PDF and send the file to the printer.

Display the Forensic Nurses Day flyer in your facility's public areas and work stations. Remind everyone that November 9, 2023, is Forensic Nurses Day!
(Note that this falls on a Thursday this year, so as not to coincide with the federal observance of Veterans Day.)
